## An open modular platform.

Skydio X10D's modular design allows you to quickly attach mission-specific accessories, expanding its capabilities on the fly. Whether you need to enhance communication using the Speaker attachment, illuminate dark environments with the Spotlight, or ensure safety with the Parachute Recovery System, X10D's adaptability empowers you to tailor your drone for any mission.

### Spotlight

Provides enough illumination to identify a person hundreds of feet away in low/no light environments.

Weight: 115g

### Speaker

Communicate and coordinate in high-risk situations

Weight: 100g

### Skydio NightSense

Autonomously fly missions in total darkness using visible or infrared illumination.

Weight: 57g

### Parachute

Designed to meet requirements for safe flying over people.

Weight: 160g

\*All attachments sold separately.
